| Through a cycle of lectures and preparation of the project, students have to improve the complex process of design basic and complex interior units through various functional typology. Teaching is conducted through lectures, exercises and workshops. Students study the factors that determine the quality of the concepts and architecture of the interior spaces of the oldest civilizations to modern trends in design, as well as logical consequences of new habits and needs.                                    |   |   |   |  |  |  |  |
| It is expected that the student after passing the exam of the Interior design I should be able to: 1.<br>Creates project of residential interior architecture, which fulfills necessary aesthetic and technical<br>requirements; 2. Performs analysis and critical assessment of examples and projects of interior<br>architecture; 3. Has knowledge of basic elements and historical development of interior architecture<br>and its contemporary tendencies; 4. Adequate introduces and presents his own design activity. |   |   |   |  |  |  |  |
| Prof. dr Veljko Raduloivć   |   |   |   |  |  |  |  |
| Lectures, tutorials, consultations, teaching and the individual work on semester tasks.   |   |   |   |  |  |  |  |
|   |   |   |   |  |  |  |  |
| Preparation and registration of the semester  |   |   |   |  |  |  |  |
| Preparation and enrollment of semester.   |   |   |   |  |  |  |  |
| Preparation and enrollment of semester.   |   |   |   |  |  |  |  |
| Introduction. Definitions of concepts, classifications and methodologies of study.  |   |   |   |  |  |  |  |
| Definition of location for semester design project  |   |   |   |  |  |  |  |
| Development architecture of interior design throughout history.   |   |   |   |  |  |  |  |
| Analysis of location  |   |   |   |  |  |  |  |
| Analysis of the basic architectural elements of interiors - classification and characteristics  |   |   |   |  |  |  |  |
| Analysis of location and preliminary concept  |   |   |   |  |  |  |  |
| Anthropological, formal and functional analysis of useful objects in interior.  |   |   |   |  |  |  |  |
| Analysis of and preliminary concept   |   |   |   |  |  |  |  |
| Basic materials in design and construction of interiors   |   |   |   |  |  |  |  |
| Development of and preliminary concept  |   |   |   |  |  |  |  |
| Contemporary materials in design and construction of interiors  |   |   |   |  |  |  |  |
| Development of and preliminary concept  |   |   |   |  |  |  |  |
| 1st TEST (colloquium)   |   |   |   |  |  |  |  |
| 1st TEST (colloquium)   |   |   |   |  |  |  |  |
| Methods and techniques of interiors design in residential architecture.   |   |   |   |  |  |  |  |
| Concept design preparation  |   |   |   |  |  |  |  |
| Methods and techniques of interiors design of public buildings.   |   |   |   |  |  |  |  |
| Concept design preparation  |   |   |   |  |  |  |  |
| Methods and techniques of interiors design of architecture for specific purpose.  |   |   |   |  |  |  |  |
| Concept design  |   |   |   |  |  |  |  |
| Tendencies, requirements and problems of interior design in contemporary architecture.  |   |   |   |  |  |  |  |
| Concept design  |   |   |   |  |  |  |  |
| Methods of presentation - techniques and mediums of interior design presentation.   |   |   |   |  |  |  |  |
