

**Faculty of Science and Mathematics / COMPUTER SCIENCE / ENGLISH LANGUAGE 2**

|                                      |  |                 |                     |   |
|--------------------------------------|--|-----------------|---------------------|---|
| <b>Course:</b>                       | ENGLISH LANGUAGE 2   |                 |                     |   |
| <b>Course ID</b>                     | <b>Course status</b>   | <b>Semester</b> | <b>ECTS credits</b> | <b>Lessons</b> (Lessons+Exercises+Laboratory) |
| 5546                                 | Mandatory  | 2               | 2                   | 2+1+0   |
| <b>Programs</b>                      | COMPUTER SCIENCE   |                 |                     |   |
| <b>Prerequisites</b>                 | No prerequisites   |                 |                     |   |
| <b>Aims</b>                          | The course has a goal to make students able to use English for specific purposes in the area of information technology at a higher level.  |                 |                     |   |
| <b>Learning outcomes</b>             | After students pass the exam, they will be able to: -distinguish, understand and use more complex information technology terminology in English in the areas of topology, networks, user interface, protocols. -read basic algorithms in English -understand basic messages of popular and expert texts from information technology and computer science in English -carry out oral and written communication in English at intermediate level, -orally present a chosen topic in English -write a summary of a text or recording in English |                 |                     |   |
| <b>Lecturer / Teaching assistant</b> | Savo Kostić  |                 |                     |   |
| <b>Methodology</b>                   | Lectures and practice. Presentations in English on a topic studied. Studying for mid term and final exams. Consultations.  |                 |                     |   |
| <b>Plan and program of work</b>      |  |                 |                     |   |
| Preparing week                       | Preparation and registration of the semester   |                 |                     |   |
| I week lectures                      | "Flash memory", reading comprehension, discussion, listening Grammar - word formation  |                 |                     |   |
| I week exercises                     |  |                 |                     |   |
| II week lectures                     | "Memory in a flash", reading comprehension, discussion, listening Grammar - language of describing   |                 |                     |   |
| II week exercises                    |  |                 |                     |   |
| III week lectures                    | "The operating system", reading comprehension, discussion, listening Grammar - countable and uncountable nouns   |                 |                     |   |
| III week exercises                   |  |                 |                     |   |
| IV week lectures                     | "GUI operating system", reading comprehension, discussion, listening Grammar - articles  |                 |                     |   |
| IV week exercises                    |  |                 |                     |   |
| V week lectures                      | "Word processing", reading comprehension, discussion, listening Grammar - asking for and providing information   |                 |                     |   |
| V week exercises                     |  |                 |                     |   |
| VI week lectures                     | "Spreadsheets and databases", reading comprehension, discussion, listening Grammar - plural of nouns   |                 |                     |   |
| VI week exercises                    |  |                 |                     |   |
| VII week lectures                    | Mid-term test  |                 |                     |   |
| VII week exercises                   |  |                 |                     |   |
| VIII week lectures                   | "The Internet and email", reading comprehension, discussion, listening Grammar - questions   |                 |                     |   |
| VIII week exercises                  |  |                 |                     |   |
| IX week lectures                     | "The Web", reading comprehension, discussion, listening Grammar - collocations, prefixes "e" and "cyber-"  |                 |                     |   |
| IX week exercises                    |  |                 |                     |   |
| X week lectures                      | "Chat and conferencing", reading comprehension, discussion, listening Grammar - abbreviations  |                 |                     |   |
| X week exercises                     |  |                 |                     |   |
| XI week lectures                     | "Internet security", reading comprehension, discussion, listening Grammar - The Past Simple Tense  |                 |                     |   |
| XI week exercises                    |  |                 |                     |   |
| XII week lectures                    | "The Internet and email", reading comprehension, discussion, listening Grammar - questions   |                 |                     |   |
| XII week exercises                   |  |                 |                     |   |

|   |   |  |  |  |  |                                    |
|---|---|--|--|--|--|------------------------------------|
| XIII week lectures  | "Graphic and design", reading comprehension, discussion, listening Grammar - "ing" form |  |  |  |  |                                    |
| XIII week exercises   |   |  |  |  |  |                                    |
| XIV week lectures   | "Computer graphic", discussion Grammar - revision of all tenses                         |  |  |  |  |                                    |
| XIV week exercises  |   |  |  |  |  |                                    |
| XV week lectures  | Preparation for the final exam  |  |  |  |  |                                    |
| XV week exercises   |   |  |  |  |  |                                    |
| <b>Student workload</b>   | 2 classes, 45 minutes each  |  |  |  |  |                                    |
| <b>Per week</b>   |   |  | <b>Per semester</b>  |  |  |                                    |
| <b>2 credits x 40/30=2 hours and 40 minuts</b><br>2 sat(a) theoretical classes<br>0 sat(a) practical classes<br>1 excercises<br><b>-1 hour(s) i 40 minuts</b><br>of independent work, including consultations |   |  | Classes and final exam:<br><b>2 hour(s) i 40 minuts x 16 =42 hour(s) i 40 minuts</b><br>Necessary preparation before the beginning of the semester<br>(administration, registration, certification):<br><b>2 hour(s) i 40 minuts x 2 =5 hour(s) i 20 minuts</b><br>Total workload for the subject:<br><b>2 x 30=60 hour(s)</b><br>Additional work for exam preparation in the preparing exam period,<br>including taking the remedial exam from 0 to 30 hours (remaining time from<br>the first two items to the total load for the item)<br><b>12 hour(s) i 0 minuts</b><br>Workload structure: <b>42 hour(s) i 40 minuts (cources), 5 hour(s) i 20 minuts (preparation), 12 hour(s) i 0 minuts (additional work)</b> |  |  |                                    |
| <b>Student obligations</b>  |   |  | Students need to regularly attend classes, make a presentation and take a mid term and a final exam.   |  |  |                                    |
| <b>Consultations</b>  |   |  | once a week for 2 hours  |  |  |                                    |
| <b>Literature</b>   |   |  | Infotech - English for computer users, Santiago Ramacha Esteras  |  |  |                                    |
| <b>Examination methods</b>  |   |  | Presentation - 25 points, Mid-term exam - 25 points, Final exam - 50 points  |  |  |                                    |
| <b>Special remarks</b>  |   |  | Classroom language is English  |  |  |                                    |
| <b>Comment</b>  |   |  | /  |  |  |                                    |
